Edward Ellis, Managing Partner

November 24, 2008

Dear Mr Edward Ellis:

As Capstone Turbine's exclusive Mid Atlantic distributor, E-Finity Distributed Generation is pleased to present this proposal for an Onsite Combined Heat & Power (CHP) Energy System at ECORE International located at 715 Fountain Avenue, Lancaster, PA. The proposed Onsite (CHP) Energy System is rated at 130 kW and 816,000 Btu/Hr (gross, ISO conditions) and consists of (2) C65 natural gas MicroTurbines, with integrated exhaust gas waste heat recovery modules (ICHP) producing hot water. The system will be controlled by an Advanced Power Server, giving flexibility over the configuration and operation of the MicroTurbines.

E-Finity Distributed Generation has teamed with RPA Associates to build a quality turnkey project to include design, detailed permitting, and engineering services. Please review the following project forecast for further detail.

Key Proposal Notes:

<b>Plant size:</b>	<b>130 kW (nominal rating)</b>
<b>Array size:</b>	<b>(2) C65 ICHP MicroTurbine</b>
<b>Installed cost:</b>	<b>\$399,254</b>
<b>Savings year (1):</b>	<b>\$73,869</b>
<b>Payback:</b>	<b>3.62 years</b>
<b>10 year NPV:</b>	<b>\$293,793</b>

- Federal Energy Policy Act of 2005 allows for a 10% investment tax credit for the MicroTurbine cogeneration system and the 2008 Energy Improvement and Extension Act may also allow for an additional 10% investment tax credit for an onsite CHP system.
- Designed for utility grid connect parallel operation only; does not support stand-alone capability if utility grid fails
- Load following for electric and thermal output
- Integrated exhaust gas waste heat recovery system for hot water (top mounted heat exchanger)
- Meets emission standards with no additional catalyst with NOx Emissions <9 ppmvd
- Includes Capstone Certified Installation Supervision, Commissioning & Start-up
- Capstone Factory Protection Plan, 9 year warranty, available through separate contract

We look forward to your review of the enclosed information, and hope to work with you on this effort in the near future.

Sincerely,  
**Jeff Beiter**
